

# PIPELINES HELP GET US WHERE WE NEED TO GO

## PIPELINES BRING US THE FUEL WE NEED

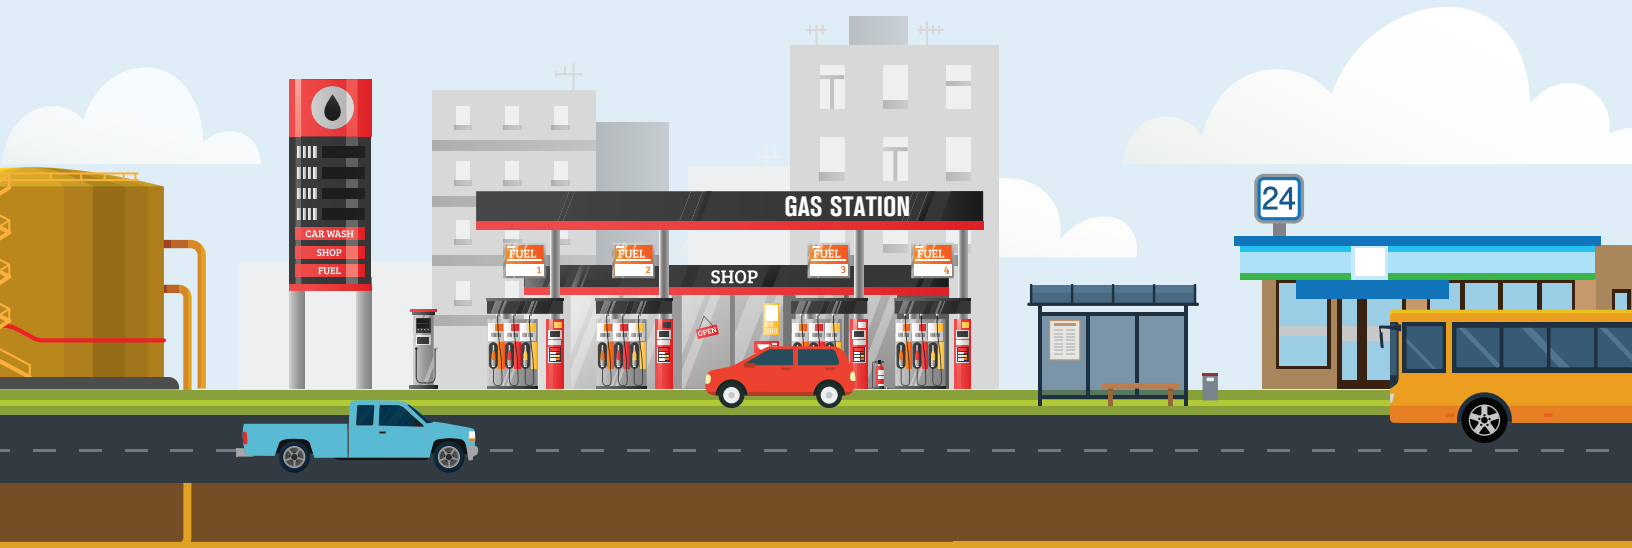

Americans consumed **142 billion gallons** of gasoline in 2019. Over 63,000 miles of pipelines are needed to deliver that gasoline to our local areas.

63,000 MILES  
GASOLINE &  
JET FUEL

84,000 MILES  
CRUDE OIL

72,000 MILES  
PROPANE &  
ETHANE

## WE HAVE A LOT OF PLACES WE NEED TO GO

Each year, the average household drives over **450 trips** by car or truck to and from work, **370 trips** shopping, **290 trips** running errands, and **295 recreational trips**.
